GOGGLES

What should be considered most when buying PPE? ***(Personel Protective Equipment)***

- 1.) ***Uncertified PPE products have NO EFFECT at all and they risk human live.***
- 2.) ***Uncertified PPE products get held up by customs and are returned or eventually destroyed by customs.***
- 3.) ***You need a trusted and experienced shipping partner.***
You don't want your PPE products been confiscated by customs or governments that might hold it for their own use. An experienced shipping partner is absolutely key to a successful delivery.

We take care of it!

- 1.) ***Since march 2020 we shipped to over 200 customers.
All successful deliveries!!***
- 2.) ***We recommend suitable delivery units and select
the preferred shipping method.***
